Parent Consultation:

We are aware that many schools have not had the opportunity to provide a parent / carer consultation for the new curriculum launching in September 2020. This remains important and is an aspect that all schools should seek to address. Here at 1decision we are supporting schools in this crucial aspect by offering a digital survey questionnaire to collate responses and views from parents which will help steer your policy creation and planning. If you would like us to create a survey on your behalf which you can share via your school's communication system, please contact:

Waltham Forest School bespoke package of resources:

As previously mentioned during our online training we will be introducing you to the Waltham Forest and 1decision bespoke Relationship and Sex Education online resource which will be available to all Waltham Forest Primary School, fully funded by Waltham Forest Education services. This will cover all of the relationship elements of the new statutory framework and will also give access to the puberty and conception elements which you may wish to cover in your sex education policy.

This package does not cover all of the statutory elements of the new Health and Relationship framework and you may wish to upgrade to a full PSHE subscription with 1decision and this will be offered at a preferential rate. If you would like to find out more about the full 1decision package please contact sarah@1decision.co.uk for a live demonstration of the resources.
