

Applying for Special Educational Needs Inclusion Funding (SENIF)

BEFORE APPLYING

The early years provision must use the graduated approach to support all children's individual learning and development in a fully inclusive environment. Working together with parents/carers and professionals a My Early Years Support Plan should be written and implemented if any developmental delay is identified.

DECIDING TO APPLY

During the implementation of the graduated approach and My Early Years Support Plan - if it is clear the child's learning and development needs require further interventions which are above and beyond an inclusive environment - an application for SENIF must be considered. To be eligible for SENIF the child should be taking up their free early education entitlement (FEEE) and have a developmental delay of over 6 months.

GETTING READY TO APPLY

A SENIF application form must be fully completed and all documentation regarding the child's learning and development should also be gathered. This must include My Early Years Support Plan and should also include documents such as reports from health professionals. Parents/carers must be informed of the SENIF application and sign the application form.

APPLYING

SENIF applications must be sent by the end of the month to **EYSEND.Panel@walthamforest.gov.uk**. The application will be quality assured by the Early Years and Childcare Team - if the application is not fully completed it may be delayed. Once the application passes quality assurance an email will be sent to the applicant to confirm the date it will be considered by the **SENIF Panel**. SENIF dates and deadlines can be found on The Hub.

APPLICATION

The **SENIF application** will be considered by the **SENIF Panel** which includes professionals from health, education and the local authority. Each application is considered on an individual basis and considers the individual and the early years provision. Funding may be approved for 1,2 or 3 terms and the **SENIF Panel** will also share recommendations with the early years provision.

OUTCOME OF APPLICATION

A **SENIF Decision Form** will be sent to the applicant outlining the approved funding amount and funding period. The payments will be on the early years provisions remittance slip and are paid monthly. It is the early years provisions responsibility to ensure the funding is being spent to support the individuals learning and development. If the funding period is due to end - a **SENIF Review Form** must be completed with updated documentation and resubmitted.
