

Learning more than one language is good for general language skills.

Talk to your child in your home language(s). This will provide a solid foundation upon which additional languages can be learnt.

Speak in your home language

It is ok to use more than one language if you speak more than one confidently.

Sing songs and rhymes in your first language, this will help your child's language skills.

Enjoy your language, it is important for your social and cultural identity.

If your child prefers to use English words, you can still respond and repeat back what they have said in your own language.

It is normal for bilingual speakers to mix up their languages.
