

# CUT

Project CUT takes metal from knives and transforms it in to opportunities for young people.

Catalyst In Communities and London College of Fashion, UAL invite you to join Project CUT to use fashion and design to address knife crime.

If you are aged 18-30 and live in Waltham Forest, Newham, Hackney or Tower Hamlets and have an interest in collaborating with others to develop a clothing range with support from leading industry professionals, Project CUT is for you.

You can try out different aspects of the design and fashion world, undertake accredited courses, work placements, and collaborate with us to launch events and social media, branding and marketing campaigns.

If you are interested in joining Project CUT, please contact us at [robin@teamcic.com](mailto:robin@teamcic.com).
