

All About Me

Starting School Together

Name: Peggy Pit Pat

DOB: 16.08.2016

Say Hello to me...

An introduction to me and what is important to me...

My first language, my personality, my favourite things, likes and dislikes, current interests, hobbies/outside the setting activities, allergies/medical information

Hi everybody my first language is English. My favourite colours are purple and green, I love colouring in and painting! I like getting messy and getting my hands dirty. I enjoy playing with water and filling up different containers. I just started to play football on a Saturday which is really fun! I am allergic to milk it gives me a really bad rash but I can eat cheese.

Who is important to me and my home life...

Parents, carers, siblings, grandparents, aunts and uncles and family friends that are regularly involved in the day to day care. If the child attends another setting or a childminder include the details. Where I live and information about my family including any support they are receiving.

I live at home with my mum and big brother. I don't see my dad. My grandma and grandad live just round the corner so come round to our flat all the time! My mum doesn't work at the moment as she has a really bad back. We are known and supported by the Early Help team.

What you need to know to support me to learn and develop...

How I like to learn (refer to the characteristic of effective learning from development matters), types of reactions to certain situations (e.g. shy, excited, confident, confused, angry, happy)

I really like routine. I like to know what is happening and like to be told if something is going to change or be different. I don't like people to ask me about my dad as I don't see him and it makes me a bit sad. I sometimes really enjoy quiet time and often sit at a table or on the floor reading to myself or colouring in. When I am feeling cross or sad I like to cuddle a teddy or to get a cuddle from a grown up or friend.
