LA Collection	LA Deadline	Schools return to?
KS1 TA (Teacher Assessments)	Wednesday 22 June	Local Authority via AnyComms+

Who is in the scope for the statutory collection?

All state-funded schools, including academies and free schools, must report teacher assessment (TA) results for pupils at the end of KS1.

What is required?

State-funded schools must report teacher assessment (TA) results in English reading, English writing, mathematics and science.

This table shows which framework to use when making TA judgements, depending on the subject and standard at which the pupil is working.

Key stage 1 standard	Framework	English reading	Maths	English writing	Science
Pupils working at the standard of the national curriculum assessments	TA frameworks	Yes	Yes	Yes	Yes
Pupils working below the standard of the national curriculum assessments and engaged in subject specific study	Pre-key stage 1 standards	Yes	Yes	Yes	N/A

Exemplification materials are available to help teachers make their judgements if additional guidance is needed.

Frameworks for English reading, English writing and mathematics

The frameworks contain 3 standards:

• working towards the expected standard;

• working at the expected standard; and

• working at greater depth.

Pupils who have not completed the programme of study or are not yet 'working towards the expected standard' should be assessed using the pre-key stage standards.

Framework for science

The KS1 science framework contains one standard: working at the expected standard.

A pupil who has completed the programme of study will be judged as either 'working at the expected standard' or 'has not met the expected standard'.

Pre-key stage standards

Pre-key stage standards must be used for statutory assessment of pupils at the end of KS1 who are working below the overall standard of national curriculum assessments and engaged in subject-specific study, as well as for pupils who are working below the standard of the national

curriculum assessments because they:

• have not completed the KS1 programmes of study but are still moving onto KS2 with their current year group (and are engaged in subject-specific study)

• cannot communicate in English (and are engaged in subject-specific study).

The Engagement model

In 2021/22, if a pupil is working below the standard of national curriculum assessments and not yet engaged in subject-specific study, they must be assessed using the engagement model at the end of KS1. Schools must report which pupils have been assessed using the model. The engagement model is a teacher assessment tool that replaces P scales 1 – 4.

See Appendix A for the statutory data required; and Appendix B for the steps to transfer the return securely to the Local Authority via AnyComms+.

Timetable

Wednesday 22 June: State-funded schools submit KS1 teacher assessment return to the Local Authority via AnyComms+.

Other key dates:

May: KS1 test administration window

Wednesday 1 June: KS1 test materials and raw score to scaled score conversion tables available on GOV.UK, and KS1 headteacher's declaration form (HDF) available on the Primary Assessment Gateway.

Thursday 30 June: Deadline for schools to submit KS1 HDF on the Primary Assessment Gateway.

The HDF confirms that the English reading and mathematics tests have been administered and marked according to the published guidance and the results have been used to inform TA, or that any issues have been reported to the Standards and Testing Agency (STA).

Collection guidance

Management Information System (MIS):	Pupils who change schools	Pupils who change schools
Schools should contact their management information systems (MIS) support provider for specific guidance about producing the CTF/XML return.	If a pupil changes school: • before Tuesday 3 May – the receiving school must administer the KS1 tests to the pupil and submit TA data for them; • during the KS1 test period – the receiving school must find out which tests have already been administered to the pupil and administer any remaining tests (in this circumstance, the school where the pupil was registered for the greater number of school days in May should submit TA data for that pupil to the LA)	If a pupil changes school: • after Tuesday 31 May – the school where the pupil was registered during the KS1 test period must submit TA data for them. If a pupil arrives from a non-participating school or having been EHE, the receiving school should assess the pupil and submit data for them. If the pupil arrives on, or after Wednesday 1 June 2022 data is not required
