

Best Start in Life All About Me

Name: Kind Khalil

DOB: 28th July

Say Hello to me...

An introduction to me and what is important to me...

My friends and family often call me Khal for short! I have a big family and love spending time with them. My home language is English. My grandma and grandad sometimes try to teach me Patois too. I love playing outside and climbing on anything that I can, especially trees. I sometimes find it hard to sit still so don't really enjoy doing arts and crafts. I love listening to stories especially ones that my grandad reads to me. I really like music and dancing and have started going to a dance class on a Saturday morning.

Who is important to me and my home life...

In my home there is me, my mum, my dad, two sisters and one younger brother. My grandparents came over from Jamaica to live in London to find work a long time ago. My grandad lives with us and my grandma is in a care home. She loves it when we go to visit her! I am a very kind brother and friend and really enjoy helping others, especially my grandma and grandad. I go to school and have extra help with my speech and language as sometimes I find it hard to say some words and communicate what I am thinking.

What you need to know to support me to learn and develop...

I need to be reminded to take my time when I am speaking as I often rush and find it challenging to say certain sounds/words. If I take a deep breath and slow right down this really helps me to speak more clearly. I really like routine and to know what is happening and when. I am inquisitive and like to ask lots of questions about the world around me. I like being helpful so adults give me lots of jobs to do. I do find it hard to sit still for long periods of time but the adults at school are supporting me with this!
