Collection guidance

<p>Management Information System (MIS):</p> <p>Schools should contact their management information systems (MIS) support provider for specific guidance about producing the CTF/XML return.</p> <p>Pupils who change schools</p> <p>If a pupil changes school:</p> <ul style="list-style-type: none"> • before the check period – the receiving school should assess the pupil and submit data for them; • during the check period – the receiving school should find out whether the pupil has already taken the check (if not, they should assess the pupil and submit data for them); • after taking the check – their result should be submitted by the school where they took the check and provided to the new school in the CTF. • If a pupil arrives from a non-participating school or were electively home educated (EHE), the receiving school should consider administering the check and must submit data for them. • Pupils who arrive after the check administration period, and who did not take the check, do not need to be included in that year's data submission. 	<p>Pupils should not take the check if any of the following apply:</p> <ul style="list-style-type: none"> • they have shown no understanding of grapheme-phoneme correspondences; • they have not completed the first year of the KS1 English programme of study; • they have recently moved to the country and are unable to understand letters and sounds in English; • they use British Sign Language or other sign-supported communication, such as communication boards, to spell out individual letters; • they are non-verbal, or selectively mute; • they have been absent during the check window – if a pupil does not take the check during this period and returns to school after Friday 23 June, they must be recorded as absent. <p>How schools can check which Year 2 pupils should retake?</p> <p>If unsure, schools will be able to use the 'Searchable data' function of the Get Information About Pupils (GIAP) website to search for those pupils by their Unique Pupil Number (UPN). Pupils who do not need to take the check again will be indicated by a phonics outcome of 'Wa' (working at the expected standard).</p> <p>If GIAP finds no data for the pupil schools may wish to contact the pupil's previous school directly.</p> <p>GIAP is accessed via DfE Sign-in. Contact your school approver if access is required.</p>	<p>Decisions on participation in the check</p> <ul style="list-style-type: none"> • Headteachers make the final decision about whether it is appropriate for a pupil to take the check. • In any instances when pupils are not entered for the check, schools should explain their decision to the pupil's parents. If appropriate, they should provide the parents with documentary evidence to support their decision. • Where the decision has been made not to administer the check to a pupil, schools should also explain how they are helping the pupil to learn to decode using phonics. • Schools must submit data for all pupils including those who do not take the check. Pupils who do not take the check should be marked as 'D' (Headteacher decided it was not appropriate for the pupil to take the check).
