NEXT INSPECTION

I/We the designer(s), recommend that this installation is further inspected and tested after an interval of not more than .

Note: Where this certificate relates to a major alteration or addition it should be accompanied by an “Emergency Lighting Periodic Inspection and Test Certificate” for the entire emergency lighting installation (See 11.2 of BS 5266: Part 1: 2005).

NOTES FOR RECIPIENT

THIS CERTIFICATE IS A VALUABLE DOCUMENT AND SHOULD BE RETAINED FOR FUTURE REFERENCE

This certificate has been issued to confirm that the emergency lighting installation work to which it relates has been designed, constructed and inspected and tested in accordance with the appropriate recommendations given in BS 5266 *Emergency Lighting* Part 1: 2005 *Code of practice for the emergency lighting of premises other than cinemas and certain other specified premises used for entertainment* and Part 7: 2005 *Lighting Applications – Emergency lighting* (also identified as BS EN 1838: 1999).

You should have received an original Certificate and the contractor should have retained a duplicate Certificate. This document should be retained for the purpose of properly maintaining the emergency lighting installation. If you were the person ordering the work, but not the owner of the installation, you should pass this Certificate, or a full copy of it including any essential related reference documents, immediately to the user.

The original certificate should be retained in a safe place and be shown to any person inspecting or undertaking further work on the emergency lighting installation in the future. If you later vacate the property, this Certificate will demonstrate to the new owner that the emergency lighting installation complied with the requirements of BS 5266: Part 1 and 7: 2005, and with BS 7671:2001 *Requirements for Electrical Installations*, at the time the Certificate was issued.

For safety reasons, the emergency lighting installation will need to be inspected at appropriate intervals by a competent person.
