

# Prevent in Education Newsletter

London Borough of Waltham Forest

## Welcome to 2024!

I hope you have all settled in to the New Year after your first week back!

Many of you have been in touch over the last term to ask about updates to the Prevent Duty Guidance, and to book sessions with me and so I have put together some short updates for your teams.

As mentioned in my recent email communications, we are seeing a number of upcoming changes to Prevent and this is now certain to affect the provision here in Waltham Forest. Unfortunately, we will be losing funding for our Community Engagement Officer post and our external project providers this April, and will then receive no Prevent funding from the Home Office from April 2025. We would be grateful if you could complete the survey linked on the right of this page; all of your feedback is vital for us to work towards the most effective model for future delivery!

In light of the above, I am strongly encouraging settings to book training with our team to make sure you are as up-to-date as possible. We have a vast amount of opportunities available (which are all free to access at present!). Please take a look at our training flowchart, [booking site](#), and options on the following page, as extra sessions are on offer to really upskill those who have accessed our basic training since September 2021.

All the best,  
Amy Strode- Senior Programme Manager (Prevent in Education)
